Hello Parents. The 7th grade team is excited to be educating your students this school year. As a team we strive to provide online locations to assist you and your students to being informed on important upcoming dates and homework assignment. Below you will find a tutorial on how to access the [7th grade King Lab website](#) and the [SISK12 homework portal](#).

To check homework assignments on SISK12:

Step 1: Go to <https://sisk12.district65.net/vs/parent> **WARNING: The gradebook is only compatible with Internet Explorer or Mozilla Firefox.**

Step 2: Enter your log in information. If you do not have log in information please contact the district at parents@district65.net.

Step 3: Click on the Homework tab at the top of the page of your 7th grade student.

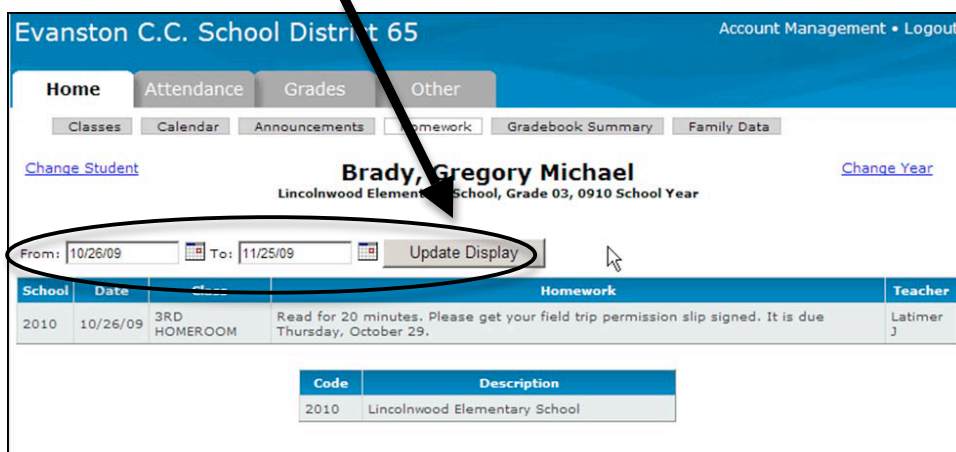

The screenshot shows the parent portal for Evanston C.C. School District 65. The user is logged in as Brady, Gregory Michael, a 3rd grade student at Lincolnwood Elementary School. The 'Homework' tab is highlighted in the top navigation bar, indicated by a black arrow. Below the navigation bar, there are tabs for 'Classes', 'Calendar', 'Announcements', 'Homework', 'Gradebook Summary', and 'Family Data'. The 'Homework' tab is selected. The main content area shows a table of classes with columns for School, Period, Term, Subject, Title, Teacher (Email), and Room. Each row has links for 'Homework' and 'Gradebook'. Below the table is a section for 'Code' and 'Description'.
